Note: the two dashed lines shown on the above map refer to that description of land as described in Volume 255, page 299 (Perkins to Scrivner); as there is no reference made as to the centerline of which road, I.e., the former wagon road or the centerline of C.T.H. #3, this line should be taken from the centerline of the road as it existed at the time of the transaction, which would be C.T.H. #3, and would be the shorter dashed line going through the existing building.
